

Mobile Device Policy

Operational Guidelines for Work-Related Device Usage

1. Purpose

This policy outlines the procedures and requirements for using mobile devices and personal electronics in the workplace to ensure client privacy, data security, and professional boundaries.

2. Personal Device Management

2.1 Personal Mobile Phones and Devices

- Personal devices must not be used for any work-related purposes**
- Strictly prohibited activities on personal devices include:**
 - Storing client information**

- Taking photos of clients or client information**
- Messaging clients or their families**
- Recording client interactions**
- Storing work-related documents**
- Accessing work emails or systems**
- Making work-related calls**
- Personal devices should be kept on silent during client interactions**
- Personal calls and messages should only be checked during breaks**
- Emergency personal calls should be taken in private areas**

2.2 Work Device Management

- Work mobile phones must remain at workplace at shift end**

- Exceptions require explicit team leader approval**
- All work devices must be signed in/out using device register**
- Work devices must be returned by start of next business day**
- Lost/stolen work devices must be reported immediately**
- No personal use of work devices permitted**

3. Device Security

3.1 Work Device Protection

- Password protection required**
- Automatic screen locks enabled**
- No sharing of work devices between staff**
- Regular deletion of unnecessary data**
- No unauthorized app installations**

- Regular security updates must be installed**
- No modification of security settings**

3.2 Data Management

- No client data to be stored on device storage**
- All data must be uploaded to secure systems**
- Regular clearing of device cache**
- No screenshots of client information**
- No forwarding of work data to personal accounts**
- No backup to personal cloud services**

4. Professional Boundaries

4.1 Communication Standards

- All client communication through official**

channels only

- No personal social media connections with clients**
- No sharing of personal contact information**
- Professional language in all communications**
- No personal photos or information sharing**

4.2 Photography and Recording
